

GTEK Laboratory Shaking Table

● Description

LY shaking table is suitable for technical research and development of laboratories in schools, colleges and universities. It can also be used as a gravity equipment in pilot plant or small scale mineral processing plant. The effect of LY shaking table is almost same as that of big size shaking table. LY shaking table features high enrichment ratio, compact structure and reliable operation.

● Technical Specification

<i>Model</i>	--	LY2100×1050	LY1100×500
<i>Deck Size</i>	mm	2100×1050×850	1100×500×430
<i>Stroke</i>	mm	12-28	9-17
<i>Frequency</i>	times/min	250-450	280-460
<i>Transverse tilt of Deck</i>	°	0-8	0-10
<i>Feeding Size</i>	mm	0.074-2	0.074-2
<i>Feeding Density</i>	%	10-30	10-30
<i>Processing capacity</i>	t/hr	0.3-0.8	0.05-0.2
<i>Water consumption</i>	t/hr	0.2-1	0.1-0.5
<i>Motor power</i>	kW	1.1	1.1
<i>Dimensions</i>	mm	3400×1050×1020	1530×500×800
<i>Weight</i>	kg	450	150
